

## AUTO ACCIDENTS

### TWO BOYS KNOCKED DOWN AT BRAND AND BROADWAY, ONLY SLIGHTLY HURT

Last evening at about 6 o'clock Frank Salmacia was driving south on Brand and turned to go west on Broadway, when his machine knocked down a little boy named Moore, of 671 Myrtle, who was hauling a little wagon north across Broadway. Mr. Salmacia set his brakes at once and the machine slid into the curb. He then sprang out, lifted the little fellow up, saw that he was not seriously hurt and then at once took him home. His face was bruised and slightly cut. Bystanders said the accident was entirely unavoidable, as Mr. Salmacia was driving at very moderate speed and his headlights did not show the boy while the machine was turning.

At 7:30 another accident of a similar nature occurred at the northeast corner of Brand and Broadway. H. J. Bradley of 412 West Broadway was driving east and turned north on Brand just as Horace Anderson, aged 13, of 454 West Maple, jumped on his wheel and started across Brand. He and his bicycle were knocked down and dragged for a short distance but neither suffered any damage beyond very slight bruises to the boy.

Archie Parker, who saw this last accident, told the Evening News that he believed such accidents as this are liable to occur any evening if so many boys are allowed to crowd around the news stand at this corner. They not only impede pedestrians but endanger themselves by darting out into the street in the path of autos. Two boys are all who are needed to sell papers there, he thinks, and others should not be allowed to congregate in crowds.

## Working for Bonds

The Civic Committee of the Tuesday Afternoon Club, Mesdames H. E. Bartlett, E. D. Yard, C. E. Norton, Harry Greenwalt and P. S. McNutt, are working hard to carry the \$100,000 bond issue to provide a recreation center for Glendale. They have had printed a large card which bears the following statements: "A civic center will be a great asset to Glendale. It will give us a down town rest room, comfort stations, information bureau and amusement center; in the park a swimming pool. Are the boys and young people of our town worth a slight increase in taxes to make this center possible? 'We'll say they are.' Vote for the bonds." These cards are being distributed over the city, in business houses and all public places by the women of the committee.

## Funeral of Mrs. Gordon

The funeral of Mrs. Hattie Gordon, who died at the home of her son, Eugene Gordon, 343 Salem street, yesterday morning, will be held at 2 p. m. tomorrow, in the Little Church of the Flowers, Rev. Hugh Cornell, Episcopal rector officiating, and the L. G. Scovern Undertaking Co. in charge.

## READING CIRCLE

### REGULAR MEETING WEDNESDAY AFTERNOON HEARS BOOK REVIEW, COMMITTEE REPORTS

The Mutual Benefit Reading Circle met Wednesday, October 27th, in the juvenile room of the library building. Mrs. Horner gave a review of an article in the Literary Digest, "The High School and Democracy." "Our school should be democratic," she averred. "Harvard paid the following tribute to the High School: 'Boys and girls from the High School are more democratic than those from private schools. They require less discipline and usually make better students. It is unnecessary to attend a preparatory school before college entrance. The High School training is enough. There is a marked increase in college attendance since the war.'"

Mrs. W. W. Stofft announced that there are now 177 members with an average weekly attendance of 58. The Hospitality Committee for November is Mrs. Reed Heustis and Mrs. M. E. Plasterer.

The work on the calendars is progressing splendidly and the Circle expects to have them ready by Nov. 15th.

It has been decided to make the third Wednesday in November an annual "Old Members' Day" and some day in April "Baby Day."

## A CIVIC PROJECT

### SOME THOUGHTS ON THE BOND ISSUE FOR RECREATION CENTER

Glendale, a city of approximately 20,000 inhabitants, a city of which, in innumerable ways, we are most justly proud, is today confronting a problem which must be solved. This problem has to do most especially with the welfare of our young men and incidentally the general good of the community.

The problem we are confronting is how to successfully meet the urgent demand for a meeting place or places where both young and old may associate and enjoy such wholesome recreation and games as they may choose, among those available.

As it now is, the young man's spare moments are either spent on the street corners or miles away in some other town where he finds not only the wholesome amusements we should provide for him here, but many other things which he should not come in contact with anywhere.

The City Council in an effort to solve this problem in such a manner as to receive the hearty support of the greatest number of our citizens has called an election to vote Bonds in the sum of \$100,000 and has appointed the undersigned committee to present a general outline of the proposition to the people so that they may take a citizen's interest in the undertaking and vote understandingly.

The application of the bond issue will be two-fold. A small part is intended to be used for a swimming pool, etc., at the new park.

We will, however, deal only with the main object of the Bond issue; that of securing the nucleus or the beginning of a Civic Center proposition.

The intention is to secure a piece of property centrally located upon which a building will be constructed with provisions not only for bowling alleys, billiard and pool tables, but a public reading room, ladies' rest room, City information bureau and comfort stations. In addition to these features such others may be added as space will permit.

The reason for central location is obvious, both from a standpoint of usefulness and eventual economy. A building properly situated and built with an eye to future adaptability for other purposes will prove a good investment for the City when the day arrives for a Civic Center on a larger scale.

It is believed the enterprise can be made practically self-supporting while, at the same time, fixing very moderate prices for games.

The project is feasible, the object is worthy, the demand is urgent and the people of Glendale should see to it that the bonds carry by a large majority at the election, Tuesday, November 2d.

## HIGH MASS

### FATHER O'NEILL PARTICIPATES IN SOLEMN REQUIEM FOR MAYOR MACSWINEY

Solemn requiem high mass for the soul of the late Lord Mayor of Cork, who gave his life in Brixton prison in vindication of the cause of Irish freedom, was celebrated at St. Brendan's church, Western avenue and Third street, in Los Angeles, at 9 a. m. yesterday. Special music for the occasion was rendered by a select choir under the direction of Professor Amiraux. The service was attended by a reverent and representative congregation.

Rev. James S. O'Neill, pastor of Holy Family Catholic church of Glendale officiated as subdeacon.

At the conclusion of the mass the celebrant, Rev. William Forde, assisted by the deacon and subdeacon, pronounced the absolution over the catafalque, which was draped in the colors of the Irish Republic, while a beautiful American standard surmounted by the Eagle of Liberty overshadowed the scene from the chancel. Similar services were held in other Catholic churches in this diocese.

## Wyvell-Millen

James Wyvell and Mrs. Bertha E. Millen were married last night at the home of the bride on Brand boulevard, just north of Dryden, Rev. C. R. Norton officiating. After a few days' honeymoon in San Diego they will return to take up their abode in the bride's home.

## BRITISH COAL STRIKE SETTLEMENT TODAY

### AGREEMENT IS REACHED AFTER A SHORT CONFERENCE HELD THIS MORNING

(Special Service to Glendale Evening News)

LONDON, Oct. 28.—Premier Lloyd George announced settlement of the British coal strike in the House of Commons today, according to an announcement by miners' federation executives. The announcement followed what appeared to be a certain deadlock in negotiations between the government and miners' representatives over new wage demands. An agreement was reached after a short conference before noon today. The miners demanded that provision be made for an additional wage increase when production mounted. It was believed the government insisted that miners agree not to call a strike until the National Wage Commission begins functioning.

The proposed agreement between miners and the government will be submitted to a nation-wide referendum by the miners before becoming effective.

Under its terms the miners will receive an increase in wages of two shillings per-day until January 3. After that date wages will be adjusted every four weeks by the National Commission, to consist of representatives of miners, mine owners and the government.

## LADY MAYORESS COLLAPSES AFTER SERVICE

(Special Service to Glendale Evening News)

LONDON, Oct. 28.—Lady Mayoress MacSwiney collapsed today following the simple services which attended taking of Terence MacSwiney's body to St. George's Cathedral last night. Physicians ordered her to remain in bed, not even allowing her to attend the impressive funeral services which are being held today. She will not be allowed to accompany the body to Ireland.

LONDON, Oct. 28.—Strife over government policies was stilled momentarily today while the soul of Terence MacSwiney was consigned to its Maker.

Somber thousands knelt in St. George's Cathedral while an Arch Bishop and assisting Bishops intoned the solemn ritual. There was no disturbance.

The funeral procession in which the casket was conveyed to Euston Station was looked upon as the greatest Irish demonstration in England's history.

## COX IS CONFIDENT OF VICTORY TUESDAY

By JAMES M. COX

(Written for the United Press)  
(Copyrighted 1920)

It is because of my travels through 36 of 48 states that I am confident that the cause of peace, prosperity and progress for America and the whole world will win a victory next Tuesday.

It has been a great fight, with the forces of reaction both in national and world affairs seeking to block us at every turn, but the fight has been won.

The people understand the League. The soul of America has been aroused and the people realize the chance is theirs to usher in a new day for ourselves and the world.

## MILLIONS SPENT IN POLITICAL CAMPAIGN

(Special Service to Glendale Evening News)

NEW YORK, Oct. 28.—Fred Upham, treasurer of the Republican National Committee, today filed a statement with the United States Senate sub-committee declaring the party will have spent approximately \$3,500,000 during the national campaign.

NEW YORK, Oct. 28.—The Democratic party has received and spent less than a million dollars during the present campaign, according to the statement of Wilbur Marsh, national treasurer, filed with the Senate sub-committee today. Up to October 25 the party had spent about \$900,000, Marsh's statement said.

## INDICTMENTS AND ARRESTS IN "BOOZE RING"

(Special Service to Glendale Evening News)

LOS ANGELES, Oct. 28.—United States Attorney Robert O'Connor today refused to deny or affirm statements attributed to the federal investigator here that an alleged "whiskey ring," operating in Southern California, had been headed by Harry Brolaski, former mayor of Redondo and now under indictment in San Francisco, in connection with the federal liquor probe in that city.

Indictments and arrests of alleged "lieutenants" of men indicted in San Francisco were predicted at the Federal building today.

## 2500 COLORADO COAL MINERS GO ON STRIKE

(Special Service to Glendale Evening News)

DENVER, Oct. 28.—Reports from coal districts in northern Colorado indicated that 2500 miners went on strike there last night. Guards have been posted around the mines to prevent their being flooded.

A troop of 250 Colorado rangers has been ordered to the district by Governor Shoup. Provision for sending state militia, if needed, was made by the governor.

## TRUSTEES' MEETING

### SOUTH GLENDALE RESIDENTS ASK EXTENSION OF SYCAMORE CANYON ROAD

The Board assembled at 8:10 p. m., October 27, 1920. Trustees Mrs. Bartlett, C. H. Henry, Spencer Robinson, Hartley Shaw and Dwight W. Stephenson were present.

Minutes of the regular meeting of October 21, 1920, were read and a correction ordered to be made in the resolution granting a permit to Dr. Fareed, inserting after the word, tuberculosis, "or any mental disease or affliction." With this correction the minutes were approved.

Godfrey Edwards addressed the Board in reference to a spur track across San Fernando Road next to the old winery and on motion of Trustee Stephenson the City Attorney was instructed to prepare an ordinance for the same; the City Engineer to prepare the proper description of the location.

An application was read from the manager of the Glendale Theatre requesting a permit to open and operate as a place of amusement the Theatre known as the Glendale Theatre, located at 120 to 126 South Brand on and after Thursday the 28th day of October, 1920. On motion of Trustee Stephenson the permit was granted.

A communication was read from H. A. Payne, County Auditor, accompanied by a bill for \$342.78 for erroneous tax settlement with the City of Tropic in 1912 and 1913. Referred to the City Manager to investigate and report.

An application was presented from W. C. Wyckoff for a permit to sell milk at 600 South Adams street, which being approved by the Sanitary Inspector, was granted.

A communication was read from the Chairman of Patriotism of the Glendale P.-T. A. stating that it is the intention of that Association to celebrate Armistice Day, November 11, 1920, with a parade, requesting that the Board appoint one of its members to meet with the committee of the P.-T. A. to discuss plans for the celebration. In compliance with this request the Chairman appointed Trustee Stephenson to meet with the committee.

A petition was presented to the Board from property owners in a proposed district for the opening and widening of Sycamore Canon Road asking that proceedings be taken for the extension of that road from its present terminus, southerly and westerly to a point in Cypress Street, east of Mariposa, thence westerly and along Cypress Street to Brand Blvd.; signed by the Glendale National Bank and fifteen other property owners. Referred to the City Engineer to check up and report.

Report of the Superintendent of Building for the month of September was presented showing 209 permits issued for building valued at \$486,767.00. Fees \$493.00. Plumbing permits issued 207, valuation \$69,573.00, fees \$325.50. Electrical permits issued 186, fees \$374.29. Report of the Street Superintendent was also presented and all ordered to be filed.

The City Manager made a report on bids for brass goods referred to him at the previous meeting recommending that the bid of the Price Corcoran Pfister Company be accepted, the amount of the bid being \$626.00. On motion the recommendation of the City Manager was approved and the bid ordered to be accepted.

The City Manager recommended that the application of Mrs. J. F. Smith for a permit to remove two black acacia trees from the parkway in front of 225 North Kenwood St. and to plant camphor trees in their place, be granted. On motion it was so ordered.

The City Manager submitted a report, of which the members of the Board had previously received copies, in regard to plans for the betterment of the water system making a number of suggestions.

## Pleasant Surprise

Mrs. Ethel D. Walsh, who recently came here from New Jersey and bought a home at 342 North Kenwood, was the victim of a surprise party Wednesday evening. Coming home from the mid-week church service, she turned on the lights only to reveal a score of friends sitting in the living-room. The evening was passed with music and contests and delicious refreshments were served. Mrs. Walsh's daughter, Miss Dorothy, planned the affair. The guests were the families of C. P. Blakemore, Jack Dorchester, Lloyd Bennett and Mrs. Maude Price, all of Los Angeles.

## PAST MASTERS NIGHT

### UNITY LODGE, F. AND A. M., CELEBRATES THE OCCASION WORTHILY

(Communicated)

More than 200 Masons assembled Tuesday evening at the Masonic Temple for the annual Past Masters' night. This occasion has come to be one of the most notable yearly functions in the calendar of the local lodge. It is a sort of homecoming day for the members no matter how widely dispersed.

The affair was under the direction of the first Past Master, Prof. Geo. U. Moyses, Principal of the High School. He was assisted by the following Past Masters of Unity Lodge: Dan Campbell, Arthur Campbell, John Hobbs, W. McFadden, Ernest J. Morgan, Don S. Erskine, W. F. Nash, Jr., and Roy W. Masters. The guest of honor, Warren Rowley, Past Master of Southern California Lodge No. 278, Los Angeles, and Inspector of the 55th Masonic District at the time of the organization of Unity Lodge, occupied the Master's chair during a portion of the evening and presided in his characteristic manner. The Master Masons' Degree was conferred on two candidates. At the close of the work the men adjourned to the banquet hall and enjoyed the refreshments prepared by the present officers of the Lodge.

The evening closed with a brief resume of the history of Unity Lodge. The charter was granted to twelve men, and today the membership is more than 300. This represents a splendid growth when it is remembered that no man is ever solicited to become a Mason.

Worshipful Master Baker thanked the Past Masters for their splendid co-operation, thus making the occasion the best ever.

## Hallowe'en Party

The Young People's Society of the Congregational church held a Hallowe'en social at the home of Mr. and Mrs. E. D. Yard, 427 North Maryland avenue, last Saturday evening. The festivities began with a wienie roast in the back yard, which was decorated with jack-o'-lanterns, Japanese lanterns and festoons. Following this part of the program all went into the house, where Hallowe'en games were played. Those present and taking part in the amusements were Mrs. Hartley Shaw, superintendent of the society; the host and hostess; Misses Gladys White, Lois and Edith Schuyler, Marjorie Yarik, Margaret Frazee, Millicent Alvord, Evelyn Shaw, Hope Ireland, Esther Heaton, Linda Goertz and Evelyn Gregg; Paul Hutchinson, Waldo Yard, Willard Goetz, Stillman Chase, Horace McRae, Robert Frazee, Thomas Wood.

## Fullerton to Glendale

O. C. Halverson and wife have bought a new five-room bungalow at 535 Alexander street and expect to move in about November 10th. They are former residents of Glendale and are glad to return to this beautiful city of homes as permanent residents. Mr. Halverson is auditor of C. C. Chapman's big ranch at Fullerton and will still retain his position. He has sold his own residence property at Fullerton. The ranch on which Mr. Halverson is employed produces some of the finest oranges in California.

Harry J. Horn and wife are moving from 613 South Brand Boulevard into their new rear house, just completed at 107 1/2 East Chestnut.

## ELKS' ACTIVITIES

### HALLOWE'EEN DANCE FRIDAY AND MINSTREL SHOW MONDAY AMONG THE COMING EVENTS

Glendale Lodge of Elks expects to organize a minstrel team and in anticipation of this they have engaged the Pasadena Lodge minstrels to put on a show at next Monday night's meeting. The Pasadena minstrels are said to be the best in Southern California, but those who are at the head of the movement to organize such a team in Glendale feel that there is an abundance of talent in 1289. There is likely to be a special interest in next Monday night's meeting on account of this minstrel show.

Friday evening of this week, October 29th, the committee is planning a Hallowe'en dance with special features that will make the occasion one of special importance. They are preparing for a large attendance.

## WHAT THRIFT REALLY DOES

What does a man gain by Thrift? He builds a bridge to a better job; he sets up a ladder to climb in the world; he gives his family a better chance; he develops self-reliance; he is ready for sickness or hard luck, if it comes.

What does Thrift mean in a man's work? He has too much respect for time to waste it; he has too much respect for his tools to injure or waste them; he is capable of handling other men's business; he is marked for a better job.

Marshall Field explained much of this when he said: "In the first place it creates determination; then it develops steady purpose; then sustained energy. Soon it produces alert, discriminating intelligence. These all rapidly grow into an ability that enables a man to take the money he has accumulated (even though a small amount) and employ it with profit."

Andrew Carnegie put it the other way around: "The failure of the man who does not save his money is due not only to the fact that he has no money with which to take advantage of the opportunities that come in the way of every man, but also to the fact that such a man is not able or fit to grasp these opportunities. The man who cannot and does not save money will not do anything else worth while."

## BETWEEN US

They say of a man, "He is a clear thinker." A clear thinker is one who is honest with himself. Scorning everything but the truth, he is able to arrive at correct and definite conclusions because his mental vision is unobstructed. He is able to accomplish things because he thinks in a straight line.

Most of us say certain things can not be done because the doing of them entails some little sacrifice or hardship on our part. We know in our hearts that these things can be done, yet we say "no" because we are not honest with ourselves—because we refuse to think clearly.

No one can achieve success unless he be a clear thinker; that is why so many of us start out in life with great promise and later find ourselves shunted into the siding of mediocrity, or the junk yard of failure because we have allowed our minds to become encrusted with the barnacles of laziness and frivolity.

Clear thinking is honest thinking and only by clear thinking can we succeed.

Learn to think clearly.—The Franklin's Key.

## LAUNDRY MARKS IN EUROPE

Laundry marks vary greatly in Europe. Those used in England consist of certain small letters or figures stitched in red thread. In some parts of France linen is defaced by having the whole name and address of the laundry stamped upon it, and an additional geometrical design to indicate the owner.

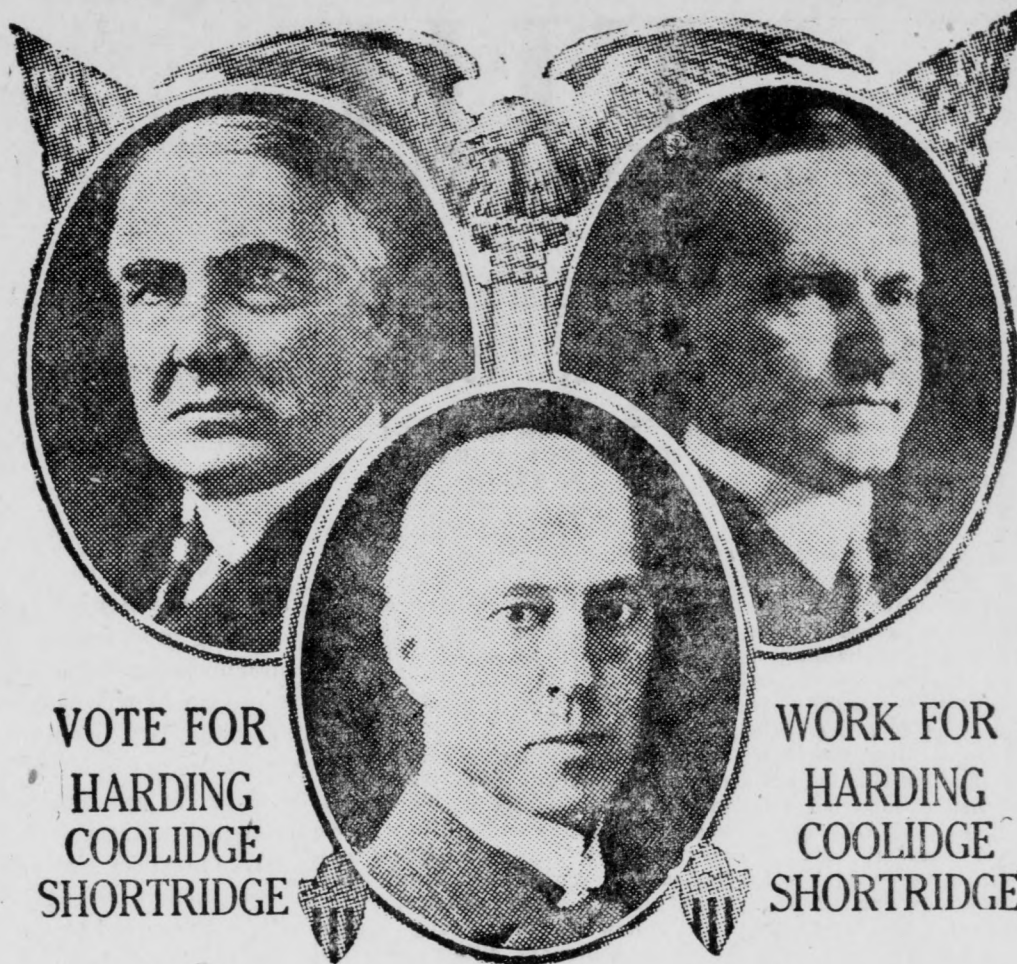

In Batavia every piece has a number stamped on it in large letters. In other parts of Germany a small cotton label is attached by means of a hot water-proof adhesive. In Bulgaria each laundry has a large number of stamps engraved with designs, and in Russia the laundries mark linen with threads worked in arrow shape. In some Russian towns the police periodically issue regulations for laundries, while in Odessa books of marks are furnished annually to the laundry proprietors, and these marks and no others may be used. By this system criminals and revolutionary agitators are often traced.

## AREAS BELOW SEA LEVEL

All the continents possibly, except South America, include areas of dry land that lie below sea level. According to the United States Geological Survey, Department of the Interior, the lowest point in North America is one in Death Valley, California, that lies 276 feet below sea level, but this depression is slight compared to the basin of the Dead Sea, in Palestine, Asia, where the lowest point on dry land is 1200 feet below sea level. The lowest point in Africa is one in the Desert of Sahara that lies about 150 feet below sea level. The Sahara as a whole stands above sea level, although until recently the greater part of it was supposed to lie below sea level. The lowest point in Europe at present known is one on the shores of the Caspian Sea that lies 86 feet below sea level. The lowest point in Australia is one at Lake Torrens that lies about 25 feet below sea level.

England seems to be after the world's championship strike record. England is welcome to it.

## HARDING---COOLIDGE---SHORTRIDGE

## The Next President.

As certain as anything can be, in this world, is the election of Senator Harding.

To readers of this newspaper, the many family groups to which it comes a regular welcome visitor, Senator Harding's face shines as that of a friend.

Senator Harding, your next President, is your kind of man. You see him, hear a few words, and you know it.

He was born in a small town, has lived there all his life, lives there now, and will live there again when he leaves the White House with his work for the country done.

He lives as you live, simply, in the old fashioned American way.

Millions of men, believing in this country, devoted to its government, SATISFIED with the UNITED STATES, believe that the United States is able to deal with its own problems, and settle its own questions free from outside assistance or interference.

Those millions of men are men of the same sort as Senator Harding.

## What Kind of Man.

Harding is a big American in physical size, thanks to vigorous farming ancestors. He is a big American also in heart, in understanding, in sympathy and in simplicity.

You read his speeches and know that he does not imagine himself created to tell all the world what to do. He believes in, and he understands the American people, his friends, the citizens of his own little town, Marion, Ohio, and the dwellers in thousands of other towns like it.

After you have elected him, you will find in Senator Harding an earnest, conscientious, straight thinking servant of the people, not an autocrat, but a man respecting the traditions of American government, and the Constitution of the United States.

Senator Harding understands that the people will elect him to be President of the United States, not President of the whole world. He will know that he is employed by the PEOPLE of this country to look after the interests of THIS country.

Born on a farm, living all his life close to farmers, he knows and sympathizes with the problems of the farm. Living in the average American way, in the average American small town, he knows the problems of the average American. He understands the printers he employs, and he knows their trade and sets type as they do.

## His Ambition.

Senator Harding has no ambition to be called a political superman, or RULER of America.

It is his ambition to be known as a good American, a faithful servant of those that trust him.

National politics are discussed this year less than at any election since the republic was founded. Why? Because men do not discuss, to any great extent, that which is DEFINITELY SETTLED.

But it is important that demonstration of the popular will should be of the most overwhelming kind. Therefore the good citizen will do what he can to increase the vote for Harding, should there be any doubtful votes within reach of his voice.

But if you do find one, show him or her this picture of the next President. And express in your own way the reasons that inspire you to approve and vote for him.

What is Senator Harding's outlook upon life? It is YOUR OWN.

The duty of the American, whether he be President or simple citizen, is not complicated in Mr. Harding's mind. He says:

"As I said at the outset, government is a very simple thing, government is only the regulation of our relationships to one another. The government's first task is the protection of the minority against autocracy, or the domination of the majority that sometimes forgets the rights of the minority." "I am preaching the gospel of popular representative government in the United States, a government that does not know any class anywhere in all this Republic."

## Women Voting.

Women especially have reason to congratulate themselves on the fact that Senator Harding will be the next President and that the change in the national administration is to be complete.

Their sons are taken in war. Their husbands and fathers are taxed to pay for war. They spend the lonely hours of dreadful anxiety, while the son is away.

They, above all, are interested in having for President such a man as Senator Harding.

He does not believe that foreign powers should be allowed to conscript American boys for war beyond the seas.

He does not believe that a Foreign Council should send to America for men and money to settle wars not of our making.

Senator Harding does not believe that this country should be taxed to finance the ambitions or the land greed of foreign nations, and as he believes, so the earnest men and women of this country believe.

When you cast your vote for Senator Harding, you will vote for YOUR KIND OF MAN, the intelligent, straightforward, unpretentious American citizen. President Harding will be an American President, not an international President.

Like Senator Harding, both COOLIDGE and SHORTRIDGE came from the soil—the one from New England and the other from the West. Both have carried with them into public careers the homely virtues of life as they apply both to the individual and community contentment.

SAMUEL M. SHORTRIDGE, as farmer, blacksmith, teacher, lawyer has succeeded for the reason that no faults of training or thinking have kept him from the forward-looking path of the truly sincere and big American.

SHORTRIDGE knows California and her problems. He knows the Nation's problems in this time of war's reconstruction.

SHORTRIDGE will lose no time in applying himself in the Senate to these problems. He will support Harding and Harding will support Shortridge and California.

HARDING-COOLIDGE-SHORTRIDGE—Three men of today most like most other Americans. They are California's kind of men—they are America's kind of men.

We must have a complete change in the Administration at Washington!

**ELECT HARDING—COOLIDGE—SHORTRIDGE**

## NOTICE INVITING SEALED PROPOSALS

Pursuant to the provisions of the Improvement Act of 1911 and Resolution No. 1131 of the Board of Trustees of the City of Glendale, California, adopted the 21st day of October, 1920, directing this Notice, the undersigned invites and will receive at his office in the City Hall up to 7:30 p. m. of Thursday the 11th day of November, 1920, sealed proposals or bids for the following improvement to be done according to plans and specifications adopted for said work, posted and on file, to-wit:

First: That all of the roadway of Sycamore Canon Road included within lines drawn parallel to and distant thirty-four (34) feet on either side of the center line of said Street and including all intersections of Streets and Alleys, from the northerly prolongation across said Sycamore Canon Road, of the easterly line of Sinclair Avenue to a line drawn across said Sycamore Canon Road three hundred eighty-one (381) feet southerly from and parallel to the south line of Windsor Road, excepting such portions of said Street and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon, and excepting such portions as have already been graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with plans and cross sections No. 277, profile No. 738 and specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale, and known as Specifications No. 32.

Second: That a cement curb, of the class designated as Class "A" in the hereinafter referred to Specifications (except that said curb shall have a depth of twenty (20) inches, be constructed along each side of the roadway of Sycamore Canon Road from the northerly prolongation, across said Sycamore Canon Road, of the easterly line of Sinclair Avenue to a line drawn across said Sycamore Canon Road three hundred eighty-one (381) feet southerly from and parallel to the south line of Windsor Road, including all curb returns at all intersecting Streets and Alleys (excepting along such portions of said roadway as are required by law to be kept in order or repair by any person or company having railroad tracks thereon). Said curb shall be constructed in accordance with plans and cross sections No. 277 and Profile No. 738 and in accordance with specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Third: That a cement gutter be constructed along each side of the roadway of Sycamore Canon Road from the northerly prolongation across said Sycamore Canon Road of the easterly line of Sinclair Avenue to a line drawn across said Sycamore Canon Road three hundred eighty-one (381) feet southerly from and parallel to the south line of Windsor Road, and around all curb returns on all intersecting Streets (excepting along such portions of said roadway as are required by law to be kept in order or repair by any person or company having railroad tracks thereon). Said gutters shall be two (2) feet in width, and five (5) inches in thickness and shall be constructed in accordance with plans and cross-sections No. 277, profiles No. 738 and Specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Fourth: That a "Willite" pavement four (4) inches in thickness be laid the entire width between gutter lines of the roadway of Sycamore Canon Road from the northerly prolongation across said Sycamore Canon Road of the easterly line of Sinclair Avenue to a line drawn across said Sycamore Canon Road three hundred eighty-one (381) feet southerly from and parallel to the south line of Windsor Road, including all intersections of Streets and Alleys (excepting such portions of said roadway and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon). Said pavement shall be constructed in accordance with plans and cross-sections No. 277, Profiles No. 738 and specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 32.

SECTION 2: First: That the roadway of Verdugo Road from the easterly prolongation across Verdugo Road of the north line of Lexington Drive, to the northerly line of Sycamore Canon Road, and from the southerly line of Sycamore Canon Road to a line drawn across said Verdugo Road one hundred twenty-five (125) feet southerly from and parallel to the southerly line of Sycamore Canon Road including all intersections of Streets, and that all of the roadway of Lexington Drive from the westerly line of Verdugo Road to a line drawn across said Lexington Drive at right angles to its center line from a point on the north line thereof fifty (50) feet westerly from the northwest corner of Verdugo Road and Lexington Drive, be graded to the official grade heretofore established therefor. Said work to be done in accordance with plans and cross-sections No. 277 and Profiles No. 736 and No. 737, and in accordance with specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Second: That a cement curb, of the class designated as Class "B" in the hereinafter referred to specifications, be constructed along each side of the roadway of Verdugo Road from the easterly prolongation across Verdugo Road of the north line of

Lexington Drive, to the northerly line of Sycamore Canon Road and from the southerly line of Sycamore Canon Road to a line drawn across said Verdugo Road one hundred twenty-five (125) feet southerly from and parallel to the southerly line of Sycamore Canon Road, including all curb returns, of intersecting Streets, and on each side of the roadway of Lexington Drive from the westerly line of Verdugo Road to a line drawn across said Lexington Drive at right angles to its center line from a point on the north line thereof fifty (50) feet westerly from the northwest corner of Verdugo Road and Lexington Drive.

Said curb shall be constructed in accordance with plans and cross-sections No. 277, profiles No. 736 and No. 737, and in accordance with specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Third: That a cement sidewalk of a uniform width of five (5) feet be constructed along the north and south lines of Lexington Drive from the westerly line of Verdugo Road to a line drawn across said Lexington Drive at right angles to its center line from a point on the north line thereof fifty (50) feet west from the northwest corner of Verdugo Road and Lexington Drive.

Said sidewalks to be constructed in accordance with plans and cross-sections No. 277, profile No. 737 and in accordance with specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Fourth: That a cement gutter be constructed along each side of the roadway of Verdugo Road from the easterly prolongation across said Verdugo Road of the north line of Lexington Drive to the northerly line of Sycamore Canon Road, and from the southerly line of Sycamore Canon Road to a line drawn across said Verdugo Road one hundred twenty-five (125) feet southerly from and parallel to the southerly line of Sycamore Canon Road, and around all curb returns of intersecting Streets and on each side of the roadway of Lexington Drive from the westerly line of Verdugo Road to a line drawn across said Lexington Drive at right angles to its center line from a point on the north line thereof fifty (50) feet westerly from the northwest corner of Verdugo Road and Lexington Drive. Said gutters shall be two (2) feet in width, five (5) inches in thickness and shall be constructed in accordance with plans and cross-sections No. 277, profiles No. 736 and No. 737 and in accordance with specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Fifth: That all of the roadway of Verdugo Road between gutter lines from the easterly prolongation across Verdugo Road of the north line of Lexington Drive to the northerly line of Sycamore Canon Road and from the southerly line of Sycamore Canon Road to a line drawn across said Verdugo Road one hundred twenty-five (125) feet southerly from and parallel to the southerly line of Sycamore Canon Road, including all intersections of Streets, and that all of the roadway of Lexington Drive from the westerly line of Verdugo Road to a line drawn across said Lexington Drive at right angles to its center line from a point on the north line thereof fifty (50) feet westerly from the northwest corner of Verdugo Road and Lexington Drive, be paved with a Willite pavement four (4) inches in thickness. Said work to be done in accordance with plans and cross-sections No. 277, Profiles No. 736 and No. 737 and in accordance with specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 32.

SECTION 3: First: That all the roadway of Broadway from the westerly line of Sycamore Canon Road to a line drawn from a point on the north line of Broadway twenty-five (25) feet west of the northwest corner of Broadway and Sycamore Canon Road to a point in the south line of Broadway twenty-five (25) feet westerly from the southwest corner of Sycamore Canon Road and Broadway and along each side of the roadway of Broadway from the easterly line of Sycamore Canon Road to a line drawn across Broadway from a point on the northerly line thereof twenty-five (25) feet easterly from the northeast corner of Broadway and Sycamore Canon Road to a point on the south line of Broadway twenty-five (25) feet easterly from the southeast corner of Broadway and Sycamore Canon Road, and along each side of the roadway of Broadway from the easterly line of Sycamore Canon Road to a line drawn across Broadway from a point on the northerly line thereof twenty-five (25) feet easterly from the northeast corner of Broadway and Sycamore Canon Road to a point on the south line of Broadway twenty-five (25) feet easterly from the southeast corner of Broadway and Sycamore Canon Road. Said curbs shall be constructed in accordance with plans and cross sections No.

277, Profiles No. 732 and in accordance with specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Third: That a cement sidewalk of the uniform width of five (5) feet be constructed along the northerly and southerly lines of Broadway from the northerly curb line of Sycamore Canon Road to a line drawn across Broadway from a point on the northerly line thereof twenty-five (25) feet easterly from the northeast corner of Broadway and Sycamore Canon Road, and along the northerly and southerly lines of Broadway from the easterly curb line of Sycamore Canon Road to a line drawn across Broadway from a point in the northerly line thereof twenty-five (25) feet easterly from the northeast corner of Broadway and Sycamore Canon Road. Said sidewalks shall be constructed in accordance with plans and cross-sections No. 277, profiles No. 732 and specifications, for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Fourth: That a cement gutter be constructed along each side of the roadway of Broadway from the westerly line of Sycamore Canon Road to a line drawn across Broadway from a point on the northerly line thereof twenty-five (25) feet westerly from the northwest corner of Broadway and Sycamore Canon Road to a point in the south line of Broadway twenty-five (25) feet easterly from the southeast corner of Broadway and Sycamore Canon Road, and along each side of the roadway of Broadway from the east line of Sycamore Canon Road to a line drawn across Broadway from a point in the northerly line thereof twenty-five (25) feet easterly from the northeast corner of Broadway and Sycamore Canon Road, to a point in the south line of Broadway twenty-five (25) feet easterly from the southeast corner of Broadway and Sycamore Canon Road. Said gutter shall have a width of two (2) feet and a thickness of five (5) inches and shall be constructed in accordance with plans and cross sections No. 277 and profiles No. 732 and in accordance with specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 31.

Fifth: That all of the roadway of Broadway between gutter lines from the west line of Sycamore Canon Road to a line drawn across Broadway from a point in the northerly line thereof twenty-five (25) feet westerly from the northwest corner of Sycamore Canon Road to a point in the southerly line of Broadway twenty-five (25) feet westerly from the southwest corner of Broadway and Sycamore Canon Road and all of the roadway of Broadway between gutter lines from the east line of Sycamore Canon Road to a line drawn across Broadway from a point in the northerly line thereof twenty-five (25) feet easterly from the northeast corner of Sycamore Canon Road and Broadway to a point in the southerly line of Broadway twenty-five (25) feet easterly from the southeast corner of Sycamore Canon Road and Broadway be paved with "Willite" pavement four (4) inches in thickness. Said pavement to be constructed in accordance with plans and cross sections No. 277, profiles No. 732 and in accordance with specifications for said work adopted by Resolution No. 1123 of the Board of Trustees of the City of Glendale and known as Specifications No. 32.

SECTION 4: That a reinforced concrete culvert having an inside depth of ten (10) inches and an inside width of two (2) feet be constructed on the northerly side of Sycamore Canon Road, the centerline thereof running from a point on the north line of Sycamore Canon Road distant thereon one hundred six (106) feet west of the west line of Verdugo Road to a point on the northerly property line of said Sycamore Canon Road one hundred three (103.60) feet west of the west line of Verdugo Road. Said culvert to be constructed in accordance with plans and cross sections No. 277, profiles No. 738 and specifications for said work adopted by Resolution No. 1123 and known as Specifications No. 31.

SECTION 5: That said contemplated work or improvement in the opinion of said Board is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, and said Board of Trustees hereby declares that the district in said City of Glendale benefited by said work or improvement and to be assessed to pay the costs and expenses thereof is all that portion of said city included within the following exterior boundary lines to-wit:

Beginning at a point on the northerly boundary line of the City of Glendale where said boundary line is intersected by a line, or its prolongation drawn five hundred and fifty (550) feet northerly from and parallel with the northerly line of that portion of Sycamore Canon Road lying between Verdugo Road and Sinclair Avenue, thence southerly, southeasterly, northeasterly, following the various courses of the northerly boundary line of the City of Glendale to the southeast corner of Lot 4 of Hodgkins Subdivision, as per map recorded in Book 5, page 576, Miscellaneous Records of Los Angeles County, California, thence northerly along the northerly line of Lots 78 and 79 of Watts Subdivision of the Rancho San Rafael, as per map recorded in Book 5, Pages 200 and 201, Miscellaneous Records of aforesaid County, to a point on the northerly line of said Lot 79 two hundred fifty-three (253.44) feet measured thereon

northerly from the most easterly corner thereof, thence southerly parallel with the southeasterly line of said Lot 79 to an intersection with the northerly line of Lot 75 of said Watts Subdivision, thence northerly along the northerly line of said Lot 75 to the northwest corner thereof, thence southerly along the westerly line of said Lot 75 to a point on said line measured thereon six hundred nineteen and forty-four hundredths (619.44) feet south of the south line of Broadway, thence easterly parallel with the south line of said Lot 75 to the easterly boundary line of the City of Glendale, thence southerly, westerly and southerly following the various courses of the said boundary line to an angle point in said line three hundred sixty-two and nine hundredths (362.09) feet southerly of the south line of the Eagle Dale Tract, as per map recorded in Book 16, Page 185 of Maps, Records of aforesaid County, thence westerly in a direct line to the southeast corner of Tract No. 2176, as per map recorded in Book 27, Page 54 of Maps, Records of aforesaid County, thence westerly along the southerly line of said Tract 2176 to a point in said line four hundred forty and twenty-two hundredths (440.22) feet easterly of the east line of Verdugo Road, thence southerly parallel with and four hundred forty and twenty-two hundredths (440.22) feet easterly from the east line of Verdugo Road, to the southerly boundary line of the City of Glendale, thence westerly and southerly following the various courses of said boundary line to the southwest corner of Hilda Avenue and Verdugo Road, thence westerly along the southerly lines of Hilda Avenue and Garfield Avenue to the westerly line of Hilda Heights Tract, as per map recorded in Book 18, Pages 170 and 171 of Maps, Records of Los Angeles County, California, thence westerly on the westerly prolongation of the southerly line of said Garfield Avenue three hundred forty-three and eighty-six hundredths (343.86) feet, thence northerly parallel with the westerly line of said Hilda Heights Tract to an intersection with the easterly prolongation of the southerly line of Lot 1 of the Subdivision of Lot 34 of Watts Subdivision, as per map recorded in Book 36, Page 4, Miscellaneous Records of aforesaid county, thence westerly along said easterly prolongation of the south line of said Lot 1 to the southeast corner of said Lot 1, thence westerly along the southerly line of Lots 1, 2, and 3 of said Subdivision of Lot 34 to the southwest corner of said Lot 3, thence southerly along the westerly line of said Subdivision of Lot 34 to a point in said line three hundred ninety-six (396.00) feet measured thereon southerly from the south line of Windsor Road, thence westerly parallel with and three hundred ninety-six (396.00) feet southerly from the south line of Windsor Road, to a point sixty-five (65.00) feet west of the west line of Lot 33 of said aforesaid Watts Subdivision, thence northerly parallel with the westerly line of said Lot 33 to the south line of Windsor Road, thence northerly in a direct line across Windsor Road to the southwest corner of Lot 5 of the Pinewood Terrace Tract, as per map recorded in Book 15, Page 45 of Maps, Records of aforesaid County, thence northerly along the west line of Lots 5 and 12 of said Pinewood Terrace Tract to the southerly line of Raleigh Street, thence northerly in a direct line across Raleigh Street to the southwest corner of Lot 21 of said Pinewood Terrace Tract; thence northerly along the westerly lines of Lots 21 and 28 of said Pinewood Terrace Tract to the southerly line of Maple Street, thence northerly in a direct line across Maple Street to the southwest corner of Lot 45 of the Witham Tract, as per map recorded in Book 14, Page 91, of Maps, Records of aforesaid County, thence northerly in a direct line to a point on the south line of Lomita Avenue one hundred fifty (150.00) feet east of the southeast corner of Lomita Avenue and Everett Street, thence east along the south line of Lomita Avenue to a point where said line is intersected by the southerly prolongation of the centerline of that portion of Everett Street extending north of Lomita Avenue, thence northerly along said southerly prolongation of the centerline of Everett Street and the centerline of Wilson Avenue, thence east along the centerline of Wilson Avenue to the centerline of Cedar Street, thence northerly along the centerline of Cedar Street to the centerline of Lexington Drive, thence easterly along the centerline of Lexington Drive to an intersection with the southerly prolongation of the east line of Tract No. 1026, as per map recorded in Book 17, Pages 70 and 71 of Maps, Records of aforesaid county, thence northerly along said southerly prolongation of the east line of Tract 1026, and the east line of said Tract No. 1026, to a point in said line four hundred (400) feet north of the north line of Lexington Drive; thence easterly parallel with and distant four hundred (400) feet north of the north line of Lexington Drive; to an intersection with the easterly line of Verdugo Road; thence southerly along the easterly line of Verdugo Road to a point where said line is intersected by a line drawn five hundred fifty (550) feet northerly from and parallel with the northerly line of Sycamore Canon Road to the point of beginning. Provided, however, that there shall be excepted and omitted from the assessment to be made to cover the costs and expenses of the proposed work and improvement the following described lands which are included within the assessment district above described and which lands belong to the Glendale City School District and are being used for public school purposes.

Beginning at the northeast corner of Broadway and Sycamore Canon Road; thence northerly along the easterly line of Sycamore Canon Road to the south line of Wilson Avenue; thence east along the southerly line of Wilson Avenue to the northeast corner of Lot 5, Tract No. 1680 as per Map recorded in Book 21, Page 66 of Maps, Records of Los Angeles

## RETURN RANDALL TO CONGRESS

—because of his splendid record. "He has done more for the cause of Prohibition than any other man in Congress." "He knows the business of a Congressman." "If not returned to Congress it will be the heaviest possible blow to Prohibition." Methodist Board of Temperance, Washington, D. C. (Expert Testimony). Randall stands for Protection. He introduced a measure in interest of lemon industry. Randall secured appropriations for flood control. His splendid work along this line elicited a resolution of thanks from the Los Angeles Board of Supervisors. Randall is all right. Don't be misled by the politicians, the big newspapers and the wets.

## THE GLENDALE NATIONAL BANK

Desires to bring home to you the fact that we can render you many kinds of service, and invites you to become one of its depositors. The man who thinks twice before spending his money is on the way to prosperity. You will never write a check without thinking twice, but the loose dollars that jingle in your pockets go without a thought. Others are pleased with our banking service. Why don't you try it?

1267 S. BRAND BLVD.

DANIEL CAMPBELL, President J. A. LOGAN, Cashier

County, California; thence southerly along the east line of said Lot 5 to the southeast corner thereof; thence southerly in a direct line to the northeast corner of Lot 28 of said Tract No. 1680; thence southerly along the easterly line of Lots 28, 29, 30, and 31 to the southeast corner of Lot 31 of said Tract No. 1680; thence easterly along the southerly line of said Tract No. 1680 to a point on said line two hundred sixty-five and forty-five hundredths (265.45) feet easterly from the east line of Sycamore Canon Road; thence southerly parallel with the easterly line of Sycamore Canon Road and distant two hundred sixty-five and forty-five hundredths (265.45) feet easterly therefrom, to an intersection with the north line of Broadway; thence westerly along the north line of Broadway to the point of beginning.

Excepting from said district any portion of any public street or alley included within said assessment district. Reference is hereby made to Map No. 271, in which the assessment district referred to is shown within red colored border line.

SECTION 6: That pursuant to the Act of the Legislature of the State of California, approved April 7, 1911, and designated as the Improvement Act of 1911 and amendments thereto, serial bonds shall be issued to represent unpaid assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January, every year after their date, until the whole is paid; and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year, at the rate of seven per cent. per annum on all sums unpaid until the whole of said principal and interest are paid. All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, designated as the "Improvement Act of 1911" approved April 7, 1911, and the amendments thereto.

SECTION 7: The work of constructing the "Willite" pavement aforementioned shall be done in accordance with the terms and conditions set forth in the mixture License Agreement entered into by said Board of Trustees of the City of Glendale with the California Willite Road Construction Company September 10, 1920 and filed in the office of the City Clerk of said City of Glendale, on said 10th day of September, 1920, United States Letters Patent having been issued to said company covering said pavement and the contractor will be required to procure the paving mixture from said California Willite Road Construction Company as provided in said mixture License Agreement.

Reference is hereby made to said Resolution of Intention No. 1124 for further particulars of said work. Bidders must file with each proposal or bid a check, payable to the City of Glendale, certified by a responsible bank, for an amount which shall not be less than ten per cent. of the aggregate of the proposal, or a bond for said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer oaths, for double the said amount and over and above all statutory exemptions.

In bidding use blanks which will be furnished by the City Clerk upon application.  
Dated October 28, 1920.  
J. C. SHERER,  
City Clerk of the  
City of Glendale.

## ANNOUNCEMENTS

### ADVERTISEMENTS

#### W. C. T. U. NOTICE

The W. C. T. U. will hold a Halloween social Saturday evening, October 30, at the home of Mrs. O. S. Palmer, 1008 East Colorado. Everybody invited. Come dressed in costume if desired. Program and refreshments suitable for Halloween. Collection taken for the Jubilee Fund.

#### WALNUT PARK LOT SALE

During the past week, Warren & Lewes, progressive real estate men of Pasadena, established a stand at the Chaffee Market in Glendale where Miss Ida M. Farrell is giving out free excursion tickets to Walnut Park. Miss Farrell is a newspaper woman from Texas, recently locating in Glendale.

#### ANTI-SALOON LEAGUE PRAISES RANDALL'S RECORD

"In the Ninth Congressional District, Hon. Charles H. Randall is opposed by C. F. Van de Water. Both are dry. Mr. Randall's congressional record on this question has been superb, a national benefaction and worthy of the gratitude of his constituents."—From statement of Anti-Saloon League.—Adv. 4716

#### VAN DE WATER APPROVED BY ANTI-SALOON LEAGUE

The Anti-Saloon League officially announces that both candidates for Congress in the 9th District are dry, and "each individual will vote as he or she pleases." Neither Randall nor Van de Water are endorsed, but the statement closes in this language: "Mr. Van de Water has a flawless record also both locally and officially as a dry worker and advocate." This frank statement on the part of the Anti-Saloon League should convince the most ardent dry Republican that it is his or her duty to vote for the Republican nominee, Mr. Charles F. Van de Water for Congress.—Adv. 4716

#### RETURN RANDALL TO CONGRESS

Not only dry, but experienced. An experienced chauffeur, bank clerk or manager is preferred to inexperienced men. Why not apply this safe rule in selecting a Congressman? Return Randall. "He knows the business of a Congressman." See display ad elsewhere.

#### DANCING CLASS

The Pearl Keller School announces a class in ball room dancing to open Friday evening, October twenty-ninth at seven-thirty. Latest steps; newest dances.

## Personals

B. V. Williams is remodeling his residence at 1520 South Brand and will spend \$500 in the alterations.

W. C. Laughlin of San Javier, Sonora, Mexico, is arriving today for a brief visit with his family at 601 N. Maryland Ave.

A temporary home is being erected at the corner of Colina Drive and Canada boulevard, Selvas de Verdugo, by E. C. Boynton.

Garfield Jones has returned from a several weeks' outing at Yosemite and is again at his work in the Public Service Department.

Mr. and Mrs. L. Ardery of 220 N. Central avenue have rented their home and are going on a two months' visit to Hutchinson, Kansas.

Mrs. Jane Barber of Parkville, Kansas, arrived in Glendale last evening for an extended visit with her daughter, Mrs. A. R. McPhail of 318 Ivy street.

Saul Frank, whose new home at 214 North Central is approaching completion, has started another one of five rooms, with a garage, at 334 West Doran, to cost \$3850.

Born, at the home of Mrs. G. M. Anderson, 1125 East California avenue, on Tuesday evening, October 26, 1920, to Mr. and Mrs. Chas. R. Petersen of La Crescenta, a little girl.

W. J. Button and wife and their daughter, Miss Rosemary, who formerly lived at 207 West Lexington Drive but are now residents of Long Beach, were in Glendale yesterday.

C. C. Tucker of 533 North Kenwood brought to the Evening News office yesterday a yam (sweet potato) he raised in his garden, weighing 9 lbs., 2 oz. It is 25 inches in circumference one way and 24 the other.

The Midgents, second football team of Glendale High, went to Venice yesterday afternoon to play the second team there, but the latter refused to meet them. Then they challenged the first team but met with a refusal, so had to come back without a game.

The Mothers' Reading Circle met at the home of Mrs. Hartley Shaw, 212 West Park avenue, Wednesday, from 11 to 2 o'clock. The reading of Mrs. Theodore Birney's "Childhood" was continued and there was much helpful discussion on child training and home problems.

I. N. Howe, wife and two little girls are now living at 225 East Garfield avenue. They came to California from London, Ontario, Canada, last July and settled in Los Angeles until they could look around. Glendale struck them so favorably that they decided to locate here so they bought the property on Garfield avenue of Mr. Race and are now very contented residents of Glendale. Mr. Howe is a carpenter.

The J. O. C. class of the First M. E. Sunday School, taught by Mrs. C. M. Crist, will entertain the members of the young men's business class Friday evening in the social parlors of the church. It will be a Halloween party with decorations, refreshments and games in character. The members of the entertaining class cordially invite young people not members of any Sunday School to join in this evening of fun and get acquainted.

The church night supper at Central Christian last evening was attended by about 70 members of the congregation and their friends, showing that this weekly feature of the church life is not losing its popularity.

The Bible study following was led by Floyd Mercer and was profitable to all. The subject was the Perea Ministry of Jesus. Alton A. Smith conducted the prayer service which closed the evening's activities and it proved very helpful to the participants.

## DIRECT CHALLENGE

OPEN LETTER TO REALTY DEALERS ASKING THEM TO JOIN IN UPLIFT EFFORTS FOR CITY

There will be a meeting of the Glendale Realty Board in Judge Miller's court room, 114 East Broadway, at 7:30 p. m., Friday, Oct. 29th. You and all other real estate dealers are cordially invited to attend.

Committees appointed at the last meeting will report. It will be of interest to everyone to know what partial relief can be secured for the housing situation in this city; to know what headway has been made in securing a location for a bureau of information under the direction of the Glendale Realty Board; and to hear the report of the committee drafting a pamphlet to advertise Glendale.

We will have the special privilege of listening to an address by E. L. Farmer, chief escrow clerk of the Title Insurance Trust Co. He will conduct a question box so that anyone can clear up for himself any misunderstandings with respect to escrows which may have been bothering him. You are requested to write out your questions before you come, to allow Mr. Farmer time to look them over while the business of the Board is being conducted.

This brief outline of the work to be carried on by the Glendale Realty Board gives an idea of the broad-minded purpose of the organization. Its spirit is one of helpfulness and service for the City of Glendale.

The few members of the Board present at the last meeting pledged themselves to make this organization the first one of its kind to be a success in Glendale. The city is suffering for the lack of such an organization.

Some real estate dealers have felt that the Board was not going to be worth while, some that its purpose was to meddle in the methods of the individual members in conducting their business. Does this program sound like it?

We are going to stand on broader principles, to make one supreme effort to break away from the small town spirit that has pervaded every similar organization which has started here. We will not deal in personalities or petty jealousies.

If you care to co-operate in this work we shall be happy to welcome you in the organization, but don't come in if you can't help and boost, then boost and help.

Yours truly,  
E. P. HAYWARD,  
Secretary.

Mrs. A. R. Paull is moving into G. A. Stanford's new home at 316 Vine street.

The Wrights are moving from 1255 Boynton to 300 East Garfield, which Mrs. Van Wahlde has just vacated.

The police were called to the home of O. M. Newby, 813 North Pacific avenue, last evening to take care of a dog that was acting as if mad. When the officers arrived they found the dog foaming at the mouth, with its eyes set and glassy, so they killed it, feeling sure it was suffering from rabies.

WEATHER FORECAST — Fair, except cloudy or foggy tonight and early tomorrow.

## Trend of the Time

Among the encouraging signs of the times is the news that in many lines labor is producing at a rate of output almost commensurate with pre-war days.

We read that in both the railroad and steel industries the day's output per man is rapidly increasing.

This, of course, means that the great majority of workmen in this country have come to see the fallacy of restricting output in order to keep up the demand for labor but have come to realize that the only basis on which the present high wage scale can be maintained is by labor giving a constantly increased output until the old standards of production have been reached.

Highly significant of the changed trend of the times is the fact that at the recent convention of Union Labor at Montreal the Vice-President of the American Federation of Labor in his address brought out the fact most plainly that the only chance of labor to maintain its high wages is to increase its productivity.

We venture to predict that with organized labor recognizing these facts we can look for greatly increased production in the near future.

There are 103 religious sects in the United States.

## Red Cross Roll Call

Whatever may be done through international agreements to keep the peace will redound to the benefit of future generations. Unless the Red Cross is supplied now with means for saving the impoverished and disease-stricken peoples of the lands ravaged by the world war the future generations of whose security all right minded people are solicitous will be a sorry lot indeed. As one Red Cross official puts it, in urging preliminary steps for the fourth annual roll call next month, "what the Red Cross did during the war was for ourselves. What we do now is for mankind."

It is that indeed. For mankind today and a long sequence of tomorrows. The people killed in the war are done for; those who remain where war left its most terrible scars are a liability against the living world and will become an increasingly burdensome charge as time wears on if they are not restored to strength and usefulness. The Red Cross is undertaking their restoration so far as in its power lies. The cause should make the appeal about to go forth irresistible. This city should have 100 per cent enrollment during the period from November 11 to 25.

As to the work to be done, consider the plight of Petrograd. In that city the death rate, according to the most authentic figures available, has increased from about 22,000 of inhabitants in 1911 to approximately 75,000 in 1919, while the birth rate has declined from approximately twenty-nine to thirteen, and an appalling number of infants die within a week of birth. Virtually the entire population is diseased and there are neither drugs with which to combat epidemics nor suitable food for the sick. All the people are undernourished and, in winter, freezing. In the hospitals, always overcrowded, the temperature cannot be raised above fifty degrees, usually not fifty, because the city is without fuel. The entire sanitary system of Petrograd has broken down. Filth is everywhere.

Petrograd is but an infinitesimal speck in the great area of Europe whose people are suffering like those in the former capital of the Czars. Eastern Europe and the Near East need the help which the Red Cross plans to send to them. The Red Cross is the only agency that can do for them. All of our people should enroll in the army of humanity.

Fusel oil is distilled from potatoes, barley and rye.

## Favor Recreation Center Bonds

At the Federated Brotherhood banquet Tuesday night, C. D. Lusby, chairman of the Publicity Committee on Recreation Center for Glendale, urged all in the audience gathered to hear the speaking in the after meeting, who would vote and work to carry the \$100,000 bond issue for this purpose in next Tuesday's election, to sign their names on papers passed around. ## Moon and Horizon

According to astronomers it is owing to the atmosphere and the fact that lying low in the line of the earth that is unconsciously compared with other objects, that makes the moon look larger. Just as soon as the moon rises in the heavens and we look up to it without intervening or surrounding objects, it diminishes in apparent size.

Widespread activity on the part of the Los Angeles bar, prominent business men and representative women, mark the

## Last Week's Campaign to Secure the Re-election of Judge Louis W. Myers to the Superior Court Bench

One of the striking features of the campaign will be a luncheon meeting on Thursday noon at the City Club, Los Angeles, when more than 300 men and women will meet to "boost" for the jurist. This is a voluntary tribute to Judge Myers and the campaign committee is hoping that many out of town voters will attend.

Henry W. O'Melveny, foremost leader of the bar in Southern California, has been made president of the campaign committee and other officers are W. J. Hunsaker, Francis J. Heney, Mrs. Frank A. Gibson, Frank P. Flint, vice presidents; Norman S. Sterry, secretary; executive committee members, Mrs. C. C. Ashley, S. F. Zombro, J. D. Fredericks, Dr. John R. Haynes, Mrs. H. V. Davis, Mrs. W. S. James, W. W. Garland, Garfield Jones, E. S. Pauly, Joseph Welch, Rowland Swaffield, Gurney Newlin, E. B. Tufts, H. W. Burnham, Leo V. Starr, Frank S. Howard, Robert M. Clarke, I. J. Muma, R. B. Dyas, Meyer Lissner, E. D. Lyman, H. L. Carnahan, Caroline Kellogg and Georgia Bullock.

Women who are leaders in civic work in Los Angeles are exceedingly active on Judge Myers' behalf as they believe him to be one of the most highly qualified men connected with the judiciary in the entire state. Mrs. H. V. Davis, who is widely known throughout the state as a Parent-Teacher and California Congress of Mothers' worker, said on behalf of Judge Myers:

"In eight years' service on the bench, Judge Myers has made a distinct impression on the community for moral courage, high intellectual qualifications and broad understanding of human nature. It is very rare to find so many qualifications in one man, but the splendid qualities of his record are attested to by the fact that every element in the community has combined, voluntarily, to continue him on the bench. I hope every man and woman in the county who is public spirited will vote for Judge Myers."

Judge Myers received the indorsement of many prominent members of the Long Beach bar this week. In announcing the indorsement, these attorneys declare their opinion that the jurist's record as an attorney and judge is such that he must be re-elected without fail.

Pasadena citizens also have rallied to his support and a very effective organization is being perfected.

## Times Do Change!

Strickland Gillilan  
I used to drive an ox-team to a plow  
Where other boys are chauffing tractors now;  
I used to ride upon a logging sled—  
A neighbor boy just volplaned o'er my head;  
I lived ere they'd discovered gasoline;  
I ride around in my own limousine;  
My father used to dream of dollar wheat—  
Of late the price has had two-fifty beat.  
When I was little people used to fret  
That into millions ran the nation's debt—  
We lend or borrow but in billions now;  
When I was young no burly gilt or sow  
Was sold for quite a fourth of what you'd pay  
For any autocratic runt today;  
Our piker flens laid penny eggs, and less,  
Yet fifty of them bought a gingham dress.  
Now omelets are worth their weight in gold,  
And cotton goods at price of silk are sold;  
The yokel wears an eighty dollar suit,  
With fifteen-dollar shirts and shoes to boot;  
The hello maiden sports a sealskin coat  
O'er which the Queen of Sheba fain would gloat;  
I ate two ten-cent scrambled eggs this mornin'—  
Can this be that same world that I was born in?

## Athletes and Disease

The case of a famous New York ball player who has contracted tuberculosis has caused surprise because of the popular impression that an open-air life such as he led would have made him immune to the disease. Physicians discussing the case assert that no one is immune. Athletes remarkable for their feats of strength are not only no more proof against disease than those who follow the ordinary rules of health, but have been shown often to be younger than others. Development of the muscles does not make for a sound constitution. Competitive outdoor games, however, are not so apt to impair the organs as feats of gymnastics calling for a supreme effort on the part of the muscles.

Hungary recently instituted the whipping post to punish crime.

## Charm of Frankness

There is a charm about frankness just as there is about sunshine and a fresh breeze. The girl who is always "putting on," trying to make an impression by assuming something that she does not feel, is far less attractive than the girl who is her simple, unaffected self, speaking from the heart. Frankness does not mean saying everything that comes into your head. It is not the same thing as bluntness. Frankness does not mean saying everything you feel, but it does mean feeling everything you say.—Girls' Companion.

## Some Prayer

A celebrated revivalist came to address his flock, and before he began to speak the pastor said: "Brother Jones, before you begin this discourse, there are some powerful bad negroes in this here congregation, and I want to pray for you," which he did in this fashion:

"O Lord, give Brother Jones the eye of the eagle, that he may see sin from afar. Glue his ear to the gospel telephone, and connect him with the central skies. Illuminate his brow with a brightness that will make the fires of hell look like a tall candle. Nail his hands to the gospel plough, and bow his head in some lonesome valley where prayer is much wanted to be said, and anoint him all over with the kerosene oil of Thy salvation and set him afire."—Congressional Record.

Accepting bribes is all wrong, but it will probably be a long time before the business of stealing bases is banned in the great national game.

If you want to start somebody on a line of talk, express your opinion on the Irish question.

IN the judgment of those who know, we are equipped by our experience to serve correctly in our professional capacity. People are impressed by the dignified quality of our assistance.

## ORDINANCE NO. 406

AN ORDINANCE OF THE CITY OF GLENDALE CALLING A SPECIAL ELECTION TO BE HELD IN SAID CITY ON THE 2D DAY OF NOVEMBER, 1920, AND SUBMITTING TO THE QUALIFIED VOTERS OF SAID CITY THE PROPOSITION OF INCURRING INDEBTEDNESS FOR THE ACQUISITION, CONSTRUCTION AND COMPLETION OF CERTAIN MUNICIPAL IMPROVEMENTS, TO-WIT: PUBLIC GYMNASIUMS, MUSEUMS AND BATHS, INCLUDING THE NECESSARY FURNISHING, IMPROVEMENT AND EQUIPMENT FOR THE SAME; SUBDIVIDING THE CITY INTO ELECTION PRECINCTS, DESIGNATING THE POLLING PLACES AND APPOINTING ELECTION OFFICERS FOR SAID ELECTION.

WHEREAS, THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE, at its regular meeting held on the 7th day of October, 1920, by a vote of more than two-thirds of all its members duly passed and adopted a resolution determining:

That the public interest and necessity demand the acquisition, construction and improvement by the City of Glendale of certain municipal improvements, to-wit: public gymnasiums, museums and baths, including the necessary furnishing, improvement and equipment for the same.

That the estimated cost of said improvements is the sum of ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00), and that it will be too great to be paid out of the ordinary annual income and revenue of said City. That said improvements would require an expenditure greater than the amount allowed for the same by the annual tax levy; and whereas said resolution was duly signed and approved by the President of the Board of Trustees of the said City on the 7th day of October, 1920, and was attested and certified to by the City Clerk and was duly published on the 8th day of October, 1920, in the Glendale Evening News, a daily newspaper printed, published and circulated in the City of Glendale:

NOW, THEREFORE, the Board of Trustees of the City of Glendale do ordain as follows:

SECTION 1. That a special election be held and the same is hereby called to be held in the City of Glendale on Tuesday the 2d day of November, 1920, for the purpose of submitting to the qualified voters of said City the proposition of incurring indebtedness and issuing bonds of said City in the amount hereinafter set forth, and for the purposes set forth in said resolution and hereinafter stated.

SECTION 2. That the objects and purposes for which said indebtedness is proposed to be incurred and bonds issued therefor, are as follows, to-wit:

The acquisition, construction and completion of public gymnasiums, museums and baths, including the necessary furnishing, improvement and equipment for the same, and providing for the issuance of bonds therefor.

SECTION 3. That the estimated cost of said proposed municipal improvements described in Section 2 hereof, is ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00); that the amount of the principal of the indebtedness to be incurred therefor, is the sum of ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00). The Board of Trustees of the City of Glendale in its discretion hereby fixes and determines that the rate of interest to be paid on said indebtedness shall not exceed six (6%) per centum, per annum, payable semi-annually, and that said rate shall not be exceeded in the issuance of said bonds for said indebtedness; that if the proposition for incurring said indebtedness for said purposes so submitted at said election receive the requisite number of votes, to-wit: two-thirds of the votes of the qualified voters voting at such election, bonds of said City in the amount of ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00) shall be issued and sold for the purpose of acquiring and constructing said municipal improvements; both principal and interest of said bonds shall be payable in gold coin of the United States of the present standard weight and fineness.

SECTION 4. The ballots to be used at said election shall be printed substantially in the following form:

INSTRUCTION TO VOTERS  
To vote in favor of the proposition, stamp a cross (X) in the voting square to the right of and opposite the word "Yes"; to vote against the proposition, stamp a cross (X) in the voting square to the right of and opposite the word "No."  
ALL MARKS EXCEPT THE CROSS (X) ARE FORBIDDEN  
ALL DISTINGUISHING MARKS OR ERASURES ARE FORBIDDEN, AND MAKE THE BALLOT VOID

IF YOU WRONGLY STAMP, TEAR OR DEFACE THIS BALLOT, return it to the inspector of the election and obtain another

Shall the City of Glendale incur a bonded debt of ONE HUNDRED THOUSAND AND NO-100THS DOLLARS (\$100,000.00) for the purpose of the acquisition, construction, and completion of the public gymnasiums, museums and baths, including the necessary furnishing, improvement for the same?	YES
	NO

SECTION 5. That said special election for said City of Glendale is hereby consolidated with the general election of November 2, 1920, to be held throughout the State of California, and in the City of Glendale in said State, and the precincts, polling places and officers of said special election shall be the same as those

## No One Wants Them

Costing \$170 a deadweight ton to build, the wooden steamships sanctioned by the Shipping Board against the protests of practical shipping men remain unsold, with few buyers in prospect. There are nearly three hundred of these. The highest offer received for any of them is \$12 a ton. The board has, therefore, come to the conclusion that they cannot be sold to advantage in this country. Foreign buyers might perhaps be found; but as sales to these require the approval of five members of the board, that matter will have to await until the appointments under the new Merchant Marine act are made.

Wooden steamships are an anachronism, and even the emergency created by submarine warfare did not justify their construction. They may be available to a limited extent for use in the coasting trade in certain parts of Europe; but even there they would not be worth what they cost to build, and if foreign buyers are allowed to bid for them the offer, though they may exceed \$12 a ton, will undoubtedly be far below \$170 a ton. Cheapness would be about the only reason for buying vessels of restricted capacity, subject to rapid deterioration.

In fact, the money put into the wooden ships may as well be regarded as a dead loss. If the board can retrieve a small portion of the amount, well and good. No American shipowner is likely to object to the sale to foreigners on the ground that they are a valuable addition to the American merchant marine.—Philadelphia Inquirer.

## More Pay for Nurses

If girls enough to meet the tremendous need, and girls of the right sort, are to be interested in nursing as a profession, better pay while learning will have to be offered by most training schools and hospitals.

It is true the student nurse is getting her professional education, but it is also true that from the beginning of the course she does much work for which the institution receives payment or is covered by endowment. In any case the work, all of it, is hard, grilling, much of it distinctly unpleasant and nerve-racking.

Many girls willing to face these hardships and possessed of a fine natural aptitude for nursing turn to employments more immediately lucrative or requiring shorter preparation because they cannot afford the financial stringencies which accompany the nurse's training.

Here is a matter for public expenditure and private contribution. No one serves the community as do its skilled and faithful nurses. The good of the students and of the public demands that preparation for this service be set upon the plane which it deserves.

The Pastor—"So God has sent you two more little brothers, Dolly?"  
Dolly (brightly)—"Yes, and He knows where the money's coming from, too. I heard daddy say so."

set forth in the notice and other proceedings calling the said general election for November 2, 1920, as provided for by order of the Board of Supervisors of Los Angeles County, entered on October 1, 1920, and said general election with which the special election in the City of Glendale is hereby consolidated, is hereby referred to and described as the "General Election of November 2, 1920."

SECTION 6. That in all particulars not recited in this ordinance and not in conflict with the laws governing the holding of the said general election, said special election shall be held and conducted as provided by law for the holding of municipal elections in said City.

SECTION 7. The City Clerk shall certify to the passage and adoption of this ordinance by a vote of two-thirds of all the members of the Board of Trustees of said City, and its approval by the President of said Board of said City, and shall cause the same to be published once a day for at least seven days in the Glendale Evening News, a daily newspaper, printed, published and circulated in the City of Glendale, and thereupon and thereafter it shall take effect and be in full force.

Adopted and approved this 21st day of October, 1920.  
**HARTLEY SHAW,**  
President of the Board of Trustees of the City of Glendale.

Attest:  
**J. C. SHERER,**  
City Clerk of the City of Glendale.

STATE OF CALIFORNIA,  
COUNTY OF LOS ANGELES, (SS.  
CITY OF GLENDALE)

I, J. C. SHERER, City Clerk of the City of Glendale, do hereby certify that the whole number of members of the Board of Trustees of the City of Glendale is five, and that the foregoing ordinance was passed and adopted by a vote of two-thirds of all its members and approved by the President of said Board at a regular meeting thereof held on the 21st day of October, 1920, and that the same was passed by the following vote, to-wit:

Ayes: Bartlett, Henry, Robinson, Shaw, Stephenson.  
Noes: None.  
Absent: None.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the City of Glendale this 21st day of October, 1920.

**J. C. SHERER,**  
City Clerk of the City of Glendale.

# FAIR PLAY

ALL FAR-SEEING Californians concur that the influx of Oriental laborers should be prevented. But this can be done only by the Federal Government, not by any state action. We as honest Americans stand for justice in dealing with Japanese who came here at our invitation.

There is an initiative law to be voted on November 2, denying to the Japanese certain human rights involving our honor and our traditions of fair play.

This law proposes not only to drive the Japanese from the agricultural lands of California, but to deny Japanese children born on American soil the right to have their own parents as guardians.

It is a natural right that the parent is the guardian of the child. This bill provides that the child may be removed from the guardianship of the parent to the guardianship of a public administrator. If Japan should propose a law of that kind touching American children within her jurisdiction, our Government would very firmly and properly demand its repeal.

This law, forbidding the Japanese to lease farm lands, sentences them into competition with American labor in the cities.

It prohibits the Japanese from buying even a single share in any American corporation owning real property.

These proposals are a clear violation of the Fourteenth Amendment of our Constitution, which declares that no state shall "deny to any person within its jurisdiction the equal protection of the laws."

The people of Arizona adopted by initiative a law discriminatory against various aliens, which the United States Supreme Court voided as unconstitutional, saying in its decision: "Equal protection of the law is applicable to all persons, without regard to any difference of race, color or nationality. Discrimination under the pretense of promoting the health, safety or morals and welfare, denies the very essence of personal freedom and opportunity it was the purpose of the constitution to secure."

This anti-Japanese initiative discriminates between aliens in the right to lease land, and between minor children of aliens in the ownership of land, and is plainly unconstitutional.

The law will embarrass our federal government in whose hands lies the final solution of the question. The State Department is now endeavoring to revise our agreement with Japan for the purpose of excluding Japanese immigration more effectively.

What California wants is not a policy of legal persecution directed against Japanese who are already here, but a constructive immigration policy calculated to safeguard the State against further influx of Oriental labor. The proposed initiative law offers no such solution. It simply complicates the situation and will make the adjustment of the real issue all the more difficult.

Not only does this law invite us to commit an act of injustice and to violate our Constitution, but it insults an honorable nation—a nation which, when San Francisco was on fire, sent a gift of \$250,000 in gold; a nation which has repeatedly manifested respect and friendship for our country.

Japan was the first to participate in our great international exposition in San Francisco at a cost of almost a million dollars. During the war the Japanese in our midst contributed two million dollars to our war funds, and, at the instance of Our Government, rendered invaluable assistance in the production of food materials needed to feed our armies.

Vote NO on Initiative No. 1 on Nov. 2.

FOR RENT—Furnished room with board for couple. 118 East Garfield. Phone Glendale 327-W.

## MONEY TO LOAN

MONEY TO LOAN—Any amounts. Harry W. Chase, 108 N. Brand Blvd.

## MONEY WANTED

We have several clients who desire loans. Good safe investment. Phone Glendale 51. Bentley-Schoeneman Lumber Company.

MONEY TO LOAN: \$2000. EDWARDS & WILDEY CO. 139 North Brand Glendale 250

## LOST

LOST—Somewhere between Brand Boulevard and Cypress Avenue, a bundle of clothing. Notify F. Morton, 421 West Cypress Avenue.

LOST—Sometime during last couple weeks, long black satin scarf with white satin lining. Return to 421 Salem Street.

## FOR EXCHANGE

TO EXCHANGE—A thoroughbred Minorca or Ancona pullet for sanitary couch, chairs, rug or wood or coal range. Call Glendale 531-W.

## MRS. PEETE "PERFECTLY HAPPY" IN JAIL

## JAIL MATRONS REPORT SHE SHOWS A FEELING OF RELIEF FOLLOWING WEEKS OF QUESTIONING

(Special Service to Glendale Evening News)

LOS ANGELES, Oct. 28.—"Just tell him I am perfectly happy, and that I have had a good night's rest," was the word sent the United Press reporter by Mrs. Richard C. Peete from her cell in the Matron's Department of the county jail where she was today awaiting trial on November 29th for the alleged murder of Jacob C. Denton. Mrs. Peete refused to be interviewed on advice of her attorney, W. J. Ford.

Jail matrons reported she showed a feeling of relief following weeks of harrowing questioning, and appeared perfectly confident she would be vindicated.

## A RAT-FREE LAND

It is perfectly possible, experts assert, to exterminate rats. In order to do this, however, it is necessary to wage a constant warfare over a generous period of time, instead of limiting one's efforts to special "rat days." Every day or week devoted to a strenuous anti-rat campaign is so much to the good, but there is need for more prolonged effort if this pest is to be eliminated from the whole country.

The first step in any fight against these disease-carrying rodents is the "rat-proofing" of all buildings. All food should be protected in absolutely rat-proof containers and waste food should be disposed of by thoroughly sanitary methods which do not allow a single rat a casual feast. Effective traps should be used generously in houses or buildings, and in places where there is no chance for rats to die within building walls the use of poison is urged.

The Bureau of Biological Survey of the national Department of Agriculture knows a good deal about rats and their pestilential habits. It is ready to furnish any inquirer with information as to how to deal with the filthy and offensive beasts. If people generally realized the great damage done to property and to health by rats every year, they would unite in such a campaign of extermination as would free the whole country of this pest and would then by constant vigilance maintain this as a rat-free land.

## BLIND WARNED OF DANGER

Blind men whom I met told me that as time passed I would sense obstructions as I approached them. They give back an echo too faint for common ears, but audible to the delicate hearing of the blind.

There is, too, a mysterious something which warns a blind man of his danger, but which he cannot understand. Some think it is an ever-so-delicate pressure of the air. There is really no knowing what it is, but if, for instance, you were to take a tea tray and hold it two feet from a blind man's face he would shrink away, knowing it was there, but not knowing how he knew.

I am too young in the business of blindness to avoid collisions with such objects, but I begin to feel the sense growing in me, and with time it will develop.

Also, the crossing of streets was a problem, because the blind walker just naturally bears away to the left. If he was in an open space he would go round in a circle as hunters do who are lost in a forest. But in the city he merely misses the opposite walk and wanders about in midstreet until some kind pedestrian sets him right.—Ainsley Burroughs in the Saturday Evening Post.

Tuesday, November 2 is election day. The American people have a big task to perform on that day. There are questions of vast importance to be decided, and to decide all of these questions in an intelligent manner will require diligent study and serious thought. Do not allow party prejudice to get the advantage of your better judgment. Ours is a country intended to be governed by the people and we are numbered among the people.

Mrs. Charlie Chaplin advises girls not to marry a genius. One wonders on what information she bases the advice.

The voters who practice the "absent treatment" on election day will not help to maintain the national health.

The moonshiner is not interested in saving daylight, and he is even opposed to too much moonlight.

When a man is not in love with his job he can always find fault with the working conditions.

## TRUSTEES' MEETING

(Continued from Page 1)

ber of recommendations in regard to the same.

The Engineer of the Public Service Department reported on bids previously referred to him, making recommendations as follows:

For drilling well: To C. C. Clugage at \$4.50 per foot.

For casing: To the Los Angeles Manufacturing Company at prices stated in their bid.

For motor: To the United States Electrical Company at \$968.

Each of these three bids being the lowest received in its class. In regard to bids for pumps he recommended that the bid of the Layne & Bowler Corp. be accepted for the pump to operate at 960 R. P. M. and to cost \$1652.00. On motion of Trustee Bartlett it was ordered that the recommendations of the Engineer of the Public Service Department be approved and the bids be accepted and contracts awarded as recommended by him.

W. E. Evans requested permission to hold a street meeting Saturday afternoon, October 30, 1920, in the vicinity of Broadway and Brand boulevard. On motion granted.

On motion of Trustee Stephenson an ordinance previously presented to the Board extending the time for filing an action for the opening of a certain alley east of Brand boulevard between Harvard Street and Colorado Street was adopted as Ordinance No. 407.

On motion of Trustee Stephenson an ordinance previously presented to the Board extending the time for the filing of an action for the laying out and opening of Patterson Avenue was adopted as Ordinance No. 408.

On motion of Trustee Stephenson it was ordered that the sum of \$5.00 weekly be appropriated from the unappropriated Reserve Fund for the benefit of the Magnolia School grounds.

A map of Tract No. 3841 was presented and adopted by Resolution No. 1132.

C. B. Guphris addressed the Board as a representative of the Realty Board presenting a proposition in reference to the housing problem. It was agreed that the matter be presented to the Board in more definite shape, at some future meeting.

An ordinance previously presented to the Board regulating the business of transferring passengers for hire in motor vehicles was, on motion of Trustee Stephenson adopted as Ordinance No. 409.

Trustee Henry presented a resolution ordering certain improvements to be made on portions of Maple St. and certain intersecting streets and on his motion the same was adopted as Resolution No. 1133.

On motion of Trustee Henry it was ordered that a two-inch pipe be laid on Palmer Avenue east of Adams St. to the end of the proposed street at the property owner's expense, it being understood that if at any future time a larger pipe is required the same shall be laid at the expense of the owner of the property.

The City Manager presented to the Board the situation in regard to the needs of the Water Department recommending that the Department go ahead with certain improvements so as to provide for complete water supply for the city, estimating to amount to about 660 inches not including the canyon water. No action was taken.

In reference to the proposition of Luna M. Scott to sell the city a certain piece of land for reservoir purposes, on motion of Trustee Stephenson the following resolution was adopted: "Resolved, That the proposition of Luna M. Scott, executrix of the estate of William Benjamin Scott, deceased, for the sale of seven acres of land, more or less, located at the corner of Vine Avenue and Tenth Street, between Burbank and Glendale, upon which land a reservoir is to be located in event of its purchase be, and the same is hereby, accepted under the provision and condition, the said Luna M. Scott to purchase Glendale Municipal Improvement 5 per cent bonds at par and accrued interest in a sum equivalent to the purchase price thereof, and the City to assume all assessments for street work against said property."

On motion of Trustee Stephenson the Engineer of the Public Service Department was instructed to prepare specifications for a small reservoir, pumping plant, and the means of installing the same on Grand View Avenue.

## To Be Trade Center

(United Press)

BERKELEY, Oct. 28.—Capt. Robert Dollar, veteran shipping magnate, is of the opinion that in less than fifty years the center of the world's trade will be shifted from the Atlantic to the Pacific Ocean.

"Some provision must be made by the government to equalize the cost of production of ships and the cost of operation, as compared with foreign costs," said Captain Dollar, "before the American merchant marine will be on a level with the rest of the world."

Money is just like a man. The tighter it gets the louder it talks.—Raleigh Times.

## Good Business First

The aim of every citizen should be to practice good business methods first, and then if there is a chance to work honest politics, attend to that item second. Men whether they be Republicans or Democrats, or even if they attempt to do political campaigning under the name of three parties, should first of all be consistent in their methods of making promises. Glaring neglects of public officials for a period of four years or more can not be righted a few days before election day by promises on the part of an office holder, that he has seen the error of his ways and if re-elected he surely will do better.

A candidate's fitness to do things can not be judged on the eve of an election. If the candidate has already been a servant of the people his record must serve as evidence of his "doing power."

Beware of the man who has been serving the people, and has remained in a state of lethargy during all years of his office holding, and who just prior to an election will devise a cunning scheme to catch votes by making promises that will never be made good.

## "Ouijmania" Curable

SAN FRANCISCO, Oct. 28.—"Ouijmania"—that strange malady that affected so many devotees of the ouija board recently—is curable, declares Dr. A. W. Hoisholt of the Napa State Hospital.

The alienist, in an address here, revealed that of 159 women admitted to the Napa hospital last year and one-fourth per cent were found to have used the ouija board to excess. Women, he says, are more susceptible than men.

"The lamentable aspect of the disease is that it is contagious and quite unnecessary," he said. "I would advise strongly against intensive occupation in the use of the ouija board. There has been a check in the wave of ouija board insanity that was reported last year. It may be attributed to the scare occasioned by articles published in the newspapers."

Another occupation responsible for nervous diseases among highly strung women is bridge, said the physician.

The individual who encourages the person who wants to give him something for nothing is usually riding for a fall.

Massachusetts spins a million bales of cotton a year.

## Community Self-Help

The pioneer virtue of self-help seems in danger of eclipse. It is the socialistic idea to depend entirely upon the state by surrendering land and industry to it, and thus establish a new autocracy. But this willingness to lean on some outside power to accomplish things is subtle and pervasive. Many persons of fair intelligence suppose that economic ends may be attained by legislative measures alone.

Yet self help is a primary virtue to be cherished. It accounts for the initiative that has made America what it is. The decadence of self-help in this country, however, has not been altogether voluntary. The growing complexity of industry has made it impossible for the individual always to help himself.

The coal situation is a case in point. No householder or business manager willingly faces winter with a vacant coal bin. Forces beyond his control have brought about this deplorable possibility. In this instance as in others individual self-help is balked by the vast extent and complexity of modern industry.

But community self-help has a wider sphere of action. Many minds working on a problem are better than one, and the community can do what the individual cannot. For a community to face a serious coal shortage or food shortage without action witnesses to a lack of community assertion.

If individual self-help needs to be conserved, community self-help today needs to be awakened and developed.

A Jersey commuter missing his train one bitter cold morning concluded he would spend the day with his wife. He went back to the house, "round to the kitchen door and entered—there he found his wife leaning over the stove with her back to him. He came up behind her and kissed her on the back of the neck. Without looking the wife said: "Two bottles of milk and a half pint of cream today."—Exch.

Ollie James, the gigantic and genial senator from Kentucky, was in conversation with a Washingtonian, when the latter made certain inquiries with reference to a mutual friend whom he had not seen for a number of years.

"And how does Colonel Prescott spend his declining years?" he asked. "Beautifully, sir, beautifully!" answered James. "He has a fine farm, sir. And a string of trotters, sir. And a barrel of whisky sixteen years old—and a wife of the same age, sir!"—Saturday Evening Post.

## High School Autoists

Olathe, Kan., has a new worry. Vehicular traffic is congested and generally confused by the great throng of students' automobiles. It is reported that pupils from city homes and from farm homes drive their own limousines, touring cars and flivvers to school each day and park them in front of the high school. There are so many of these cars that the streets are blocked and the traffic squad has issued special orders for the regulation of this nuisance.

It is fine, of course, that high school girls and boys who live far from the schoolhouse possess such adequate transportation facilities. The Olathe traffic problem, however, is indicative of a condition that exists in varying degrees in many communities, large and small. It is not altogether a wholesome condition, either.

In many towns where the distances between homes and schoolhouse are not greater than it would be healthful for the pupils to walk, these young people are riding daily to school in the family automobile. After school it is very easy to collect a "bunch" and to tear around over the countryside or through the city to movies, to ice-cream parlors, etc. In a way this unchaperoned and indiscriminate driving about is harmless enough. In other ways it is not so harmless. The boys and girls are setting themselves standards of entertainment which are too old for them. They are burning gasoline and wearing out costly machines which have cost them nothing in money or effort. An automobile is a luxury which the high school boy or girl does not really need to complete a well-rounded school course. It would be far better for the boys and girls, for their foolish parents and for the community, if these children were not given such generous driving privileges.—Long Beach Telegram.

The man who never had a real thirst probably can not understand just what prohibition has done for the country.

## TIME TABLE
